Director's Note

At Children Paradise Preschool, we've created a learning environment that fosters academic excellence, independent thinking, problem-solving, self-esteem, creativity, a global outlook, and a lifelong love for learning. I have personally selected the equipment and instructional materials used at our school. I will continually monitor and mentor our team to ensure we maintain our high standards of excellence.

We welcome your child to the Children Paradise Preschool family and look forward to seeing them play, learn, and grow in their home away from home.
